PROJECTS

HACKATHON | Critical Thinking

Spring 2023

As a team, we came up with a company name, CareAI where we believe that everyone should have access to high-quality dental care, regardless of their location or circumstances.

5th Season Weather Application | Android and iOS Developer

Summer 2022 - Present

The project is built with React Native and Expo CLI and Visual Studio Code IDE. It is published on [Google Play Store](#) but not published on Apple Store yet.

My Personal ePortfolio | Website Developer

September 2022 – November 2022

I created this [website](#) to build my brand and promote myself with confidence. It is available for view on GitHub with other projects.
